

Shred-it's ultra-strong security containers give you the efficiency, durability and flexibility you expect.

Shred-it's secure consoles are designed to suit any office environment.

- » Paper securely held in durable polyester bag with spring loaded pop lock cord for efficient and secure retrieval.
- » Lockable for added security and assurance.
- » Specifically designed with wide-feed slots that can take up to 400 pieces of paper at a time and cannot be retrieved.
- » Sturdy enough to take the weight of a printer or other office equipment on the top.
- » Made with recycled wood materials compliant with the Environmentally Preferred Product Certification (EPP), ensuring better office air quality.

Shred-it's wheeled security containers are extremely durable and easy to manoeuvre.

- » Top-loading, durable plastic containers with larger sizes available for high paper volumes.
- » Ideal for higher volume areas such as post rooms, print rooms or warehouses.
- » Security slot to ensure paper cannot be retrieved from inside.
- » Wheeled and well-balanced for easy handling.

See reverse for more details.
